Algebraic thinking:

Zack, V. (1995). Algebraic thinking in the upper elementary school: The role of collaboration in making meaning of 'generalisation'. In D. Carraher & L. Meira (Eds.), *Proceedings of the Nineteenth International Conference of the International Group for the Psychology of Mathematics Education (PME 19)* (Vol. 2, pp. 106-113). Recife, Brazil, July 22-27, 1995.

Graves, B., & Zack, V. (1996). Discourse in an inquiry math elementary classroom and the collaborative construction of an elegant algebraic expression. In L. Puig, & A. Gutiérrez, (Eds.), *Proceedings of the Twentieth Conference of the International Group for the Psychology of Mathematics Education* (Vol. 3, pp. 27-34). Valencia, Spain.

Zack, V. and Graves, B. (2001). Making mathematical meaning through dialogue: "Once you think of it, the z minus three seems pretty weird." In C. Kieran, E. Forman, & A. Sfard (Eds.), *Bridging the individual and the social: Discursive approaches to research in mathematics education. Special Issue, Educational Studies in Mathematics*, 46, 1-3, 229-271.

Proving:

Zack, V. (1997). "You have to prove us wrong": Proof at the elementary school level. In E. Pehkonen (Ed.), *Proceedings of the Twenty-First Conference of the International Group for the Psychology of Mathematics Education (PME 21)* (Vol. 4, pp. 291-298), Lahti, Finland, July 14-19, 1997.

Graves, B., & Zack, V. (1997). Collaborative mathematical reasoning in an inquiry classroom. In E. Pehkonen (Ed.) *Proceedings of the 21st Conference of the International Group for the Psychology of Mathematics Education* (Vol. 3, pp. 17-24). Lahti, Finland.

Zack, V. (1999). *Everyday and mathematical language in children's argumentation about proof. Educational Review*, 51(2). Special issue: The culture of the mathematics classroom. Guest editor: Leone Burton. 129-146.
